

# ARMCHAIR TREASURE HUNT 2012

4582112399

Welcome to the Armchair Treasure Hunt. A box containing treasure has been hidden somewhere in England. Now all you need to do is find where it is. This document will help you. Solve the questions. Identify the pictures. Crack the codes. Everything is there to help; except for those things that might lead you astray. In general, take surnames in preference to given names, unless thematically linked. To gain full credit, justify your answers rather than just identifying content. So find what's missing, discard the odd, decide on the order, decode the message, follow the instructions and unearth the treasure. If you're unable to get to the treasure location, e-mail the reason to me with as much detail as possible about where it is, including a map marking the position. Send this as soon as you know the location, rather than as part of your full submission, credit will be given according to date of receipt.

The closing date for full submissions is midnight on Monday 14<sup>th</sup> January 2013. If this is the first time you've entered the ATH, mark your entry ATH Virgin to be eligible for the special prize.

Please send entries to [mike.wood@logica.com](mailto:mike.wood@logica.com) in either .pdf or an MS readable form. In the event of a tie, the earliest entry received will be given preference.
